THE ANNUAL CLEARANCE SALE OF WOMEN'S SHOES

Begins This Morning, and in Assortments and Savings It Is One of the Best We Have Ever Assembled.

THIS IS OUR ANNUAL CLEARANCE OF ALL HIGH SHOES.

As is our annual custom, we have assembled all the incomplete lines, odd sizes and styles of the stock of Women's High Shoes, which we will not duplicate another season, in order to close them out quickly, and while they are yet in season.

They are Shoes that we know thoroughly because they are the remainders of our own stocks that we have been selling during the winter, and come from the same makers that supply our high-grade footwear at all times.

It hardly seems necessary to make any comment in regard to their style, since the fact that only these small lots remain should be enough in their favor relative to the manner in which they have been received by our patrons.

We Present Here a Brief Description of Some of the Models to be Found in the Sale:

Patent Leather, with cloth top, in fawn, gray, and black, or black kidskin tops; turn and welt soles and Spanish or Cuban heels. Gun Metal Calfskin Shoes, with black cloth and kidskin tops, and Goodyear welt or turn soles and Spanish or Cuban heels.

Tan Russia Calfskin, in button and lace styles, with Goodyear soles and Cuban heels.

Black Suede High Button Shoes, with Goodyear welt soles and Cuban heels. White Canvas and Buckskin Button Shoes, with welt soles and

Cuban heels. Not all sizes in any one style, but all sizes are represented in the combined lot, and a correct fitting can be obtained in one style or another.

We advise early choice, as it will then be possible to select from the entire lot the style that appeals most to you, and thus derive the greatest advantage from the sale.

Tuesday Specials

When we advertise a low price on an article for one day only it is a genuine reduction on a staple article that is exactly as illustrated. When we say a piece of Furniture is a good value at the quoted price we say so because we firmly believe it. Our forty years of business experience has shown us that absolute truth in advertising is not only the best policy—it is the only policy to pursue.
